Making a difference one ride at a time.

## SCHOOL ZONE SAFETY

### Reduce Speed!

Yield when flashing- Pedestrians always have the right-of-way. When it's flashing a pedestrian is actively crossing the road and drivers are required to yield.

### Don't block crosswalks

When at a stop sign or traffic light be sure to stop at the marked white line on the road before the crosswalk.

### Never pass a bus from behind.

**NEVER** pass a stopped school bus loading and unloading children when the stop sign is extended and its lights are flashing.

### Respect the crossing guard

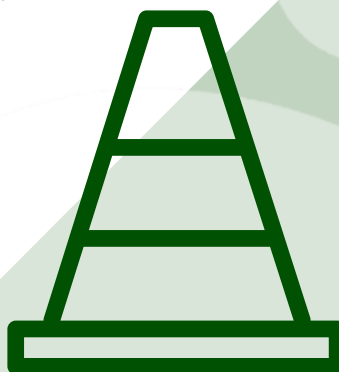

Crossing guards are placed at intersections where children are most at risk. Remember, a crossing guard is always the first person on the street and last person off.

## 20 Years of Service!!

JAMM Transit continues the 20th year celebration!! Be on the look out for block parties, free rides, and social media content!!!!

## RIDERS WITH DEMENTIA

People who have dementia often suffer from feeling confused, anxious and unsure. Offer reassurance, be pleasant and respectful. Communicate calmly using short, clear statements. Pause and give the rider time to respond.

## MONTHLY REMINDER

JAMM is celebrating it's 20th year in existence. The month of September will provide free transportation to anyone who takes a selfie while riding the JAMM bus. .
