New Vans Have Arrived!!

We have received our minivans from a grant we were awarded last year. We are very excited about these vehicles because they have state of the art camera systems in them to keep the drivers and passengers safe on the road!

Making a difference one ride at a time.

CUSTOMER SERVICE

Success in business is determined by results ... not by how busy you are.

Pay attention to your tone of voice, body language and facial expressions.

Customer service is one of the most demanding jobs on the planet. The goal is to be respectful, professional and helpful, no matter what the situation or who you're dealing with. This is often difficult but remember there are some people who have not seen a friendly face all week! Make a difference!

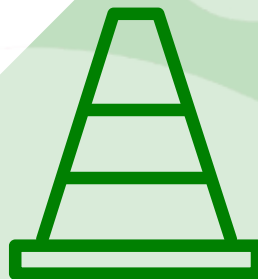

JAMM'N SUCCESS STORIES

The JAMM bus in Atoka County assisted a family on the homeless prevention program move from the motel to their new apartment. Luckily our buses are able to hold a LOT of stuff! The family was very grateful for us to be able to provide this service to them and help them get to their new place which is on the road to self-sufficiency.
